HALF YEAR RESULT – 31 DECEMBER 2011

The Board of Cellnet advises that the company achieved a net profit for the half year ended 31 December 2011 of \$704,000 (2010: \$1,524,000). This is a disappointing result – but as previously advised to the ASX, was forecast and should be seen in the context of a tough retail market, loss of Sandisk range of product included in comparative period results and includes start-up costs of a number of initiatives aimed at achieving an appropriate return on capital in the medium to longer term.

Sales margins have been maintained when compared to the previous period on the back of significantly lower flash memory sales with the transition of Sandisk to Lexar.

The expansion into the online retail segment has seen initial start up costs and trading losses of approximately \$450,000 being expensed in this period which has contributed significantly to the lower net profit. This is not expected to continue in the second half as the online deal store (dealfox.com.au) is now fully operational and getting solid traction. Since Cellnet's online retail store was launched, it has developed a solid customer base and a continually improving product offering. The Board is encouraged by the initial results from dealfox and believes that as customers continue to look online for more products and services dealfox has the potential to be a meaningful player.

Cognisant of the poor results and the under-utilised balance sheet the Board resolved to make three fully franked dividend payments to shareholders during the period which in total equated to 3.5 cents per share for a total cash outlay of \$2,141,000. This has resulted in the net tangible assets per share reducing to \$0.40 per share from \$0.43 per share at 30 June 2011.

A further 9 cents per share was returned to shareholders as an equal capital reduction on 8 February 2012.

Future Expectations and Outlook

The Company's main focus between now and 30 June 2012 will be to continue to build on the promising results of its online business segment which will complement the current wholesale operations in both Australia and New Zealand and to continue to look for synergistic products lines and potential acquisitions.

At this stage it is too early to provide profit guidance for the full financial year.

Directors' Report

Your Directors submit their report for the half-year ended 31 December 2011.

Directors

The names of the Company's Directors in office during the half-year and until the date of this report are set out below. Directors were in office for this entire period unless otherwise stated.

A. Beard (Chairman)

S. Smith (Managing Director)

Principal activities

The principal activities of the consolidated entity are:

Wholesale distribution of flash memory, mobile phone accessories and CE equipment and accessories, and fulfillment services to the mobile telecommunications and retail industries in Australia and New Zealand.

Sales and distribution of products on-line.

Review and results of operations

Sales revenue of the consolidated entity for the first half was \$35.1 million (2010: \$43.7 million). This decrease of \$8.6 million was due to the soft retail conditions currently being experienced by the broader retail sector, the loss of the Sandisk range of products and start up costs associated with a number of new initiatives. However, whilst sales have reduced significantly gross margin remains generally in line with prior year. This is due to improved product sourcing as well as increased revenue generated from its third party logistic operations.

Operating expenses increased by \$0.7 million to \$8.5 million primarily due to increased costs associated with Cellnet's online expansion.

The consolidated entity's profit before net interest and income tax for the half year was a profit of \$223,000 (2010: \$1,033,000), a decline of 78.4%.

Total cash flows for the half year were a net outflow of \$4.8 million, which included \$2.1 million relating to the payment of dividends and \$0.1 million relating to the on market share buy back.

Dividends

A fully franked dividend of 1.0¢ per share was declared 24 November 2011 and paid 23 December 2011. (2010: Nil. Note: a fully franked dividend of 1.0¢ per share was declared 8 February 2011 and paid 21 February 2011 however this dividend was not accrued for in the prior period half year accounts).

Rounding

The consolidated entity is of a kind referred to in Class Order 98/0100 issued by the Australian Securities and Investments Commission. Amounts in the financial report and Directors' report have been rounded off to the nearest \$1,000 unless otherwise stated.

New standards, interpretations and amendments thereof, adopted by the consolidated entity

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the consolidated entity's annual financial statements for the year ended 30 June 2011, except for the adoption of new standards and interpretations as of 1 July 2011, noted below:

► AASB 124 Related Party Transactions (Amendment)

The AASB has issued an amendment to AASB 124 that clarifies the definitions of a related party. Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Cellnet Group Limited, which comprises the condensed statement of financial position as at 31 December 2011, the condensed statement of comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Cellnet Group Limited and the entities it controlled during the half-year, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the Directors' Report. We confirm that the Auditor's Independence Declaration would be in the same terms if given to the directors as at the time of this auditor's report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Cellnet Group Limited is not in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the consolidated entity's financial position as at half-year and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
